

Chapter 22: Left-Right

NCERT · Class 3 · EVS

Questions

Question 1

What is there on your left?

Solution

There is the classroom wall on my left side.

Question 2

What things are there behind you?

Solution

My classmates and desks are there just behind me.

Question 3

On whose left side are you sitting?

Solution

I am sitting on the left side of Anuj.

Question 4

What is there on your right side?

Solution

There is a window on my right side.

Question 5

Who is sitting on your right?

Solution

Anuj is sitting on my right.

Question 6

What is in front of you?

Solution

There is a blackboard hanging on the wall in front of me.

Question 7

On whose right are you sitting?

Solution

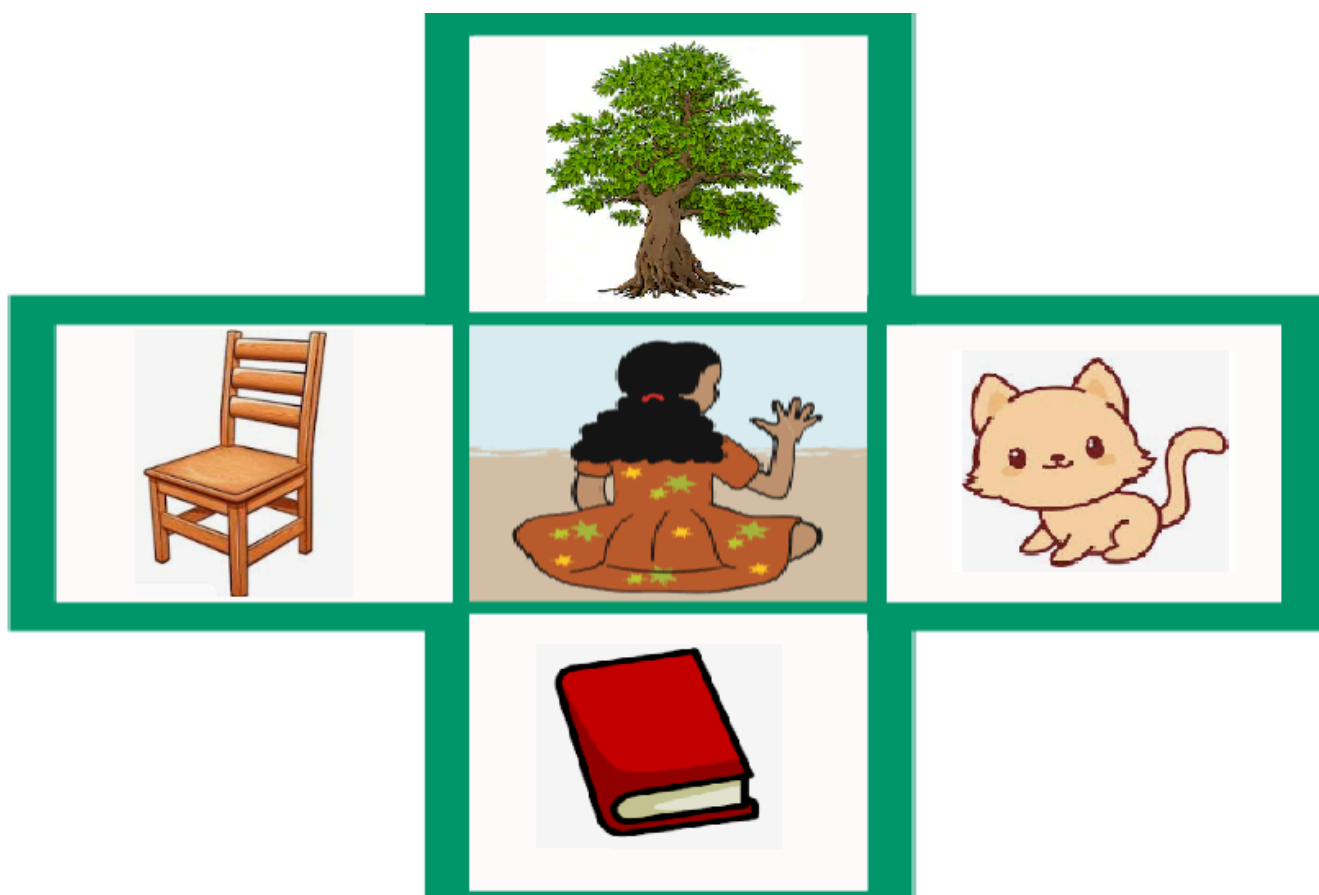

I am sitting on the right side of Tanya.

Question 8

This is a picture with Ruchira in the centre. In this picture, draw

- 1. A book behind Ruchira.**
- 2. An animal on Ruchira's right.**
- 3. A chair on Ruchira's left.**
- 4. A tree in front of Ruchira.**

Solution

Question 9

Guide Ruchira from home to school.

Find the school in the picture. Also, find the way from Ruchira's home to her school. Now, with a coloured pencil, trace the way from Ruchira's home to her school.

Solution

Question 10

Which places and things will Ruchira find on her way from home to school? Write their names.

Solution

Ruchira's house → House → Handpump → Tree → Park → Well → Bus Stop → Post Office → Hospital → Shop → Tree → School

Question 11

Which of these places and things will she find on her right, and which places on her left?

Solution

On Her Right	On Her Left
Tree	House
Park	Handpump
Well	Bus Stop
Post Office	Hospital
	Shop
	Tree

Question 12

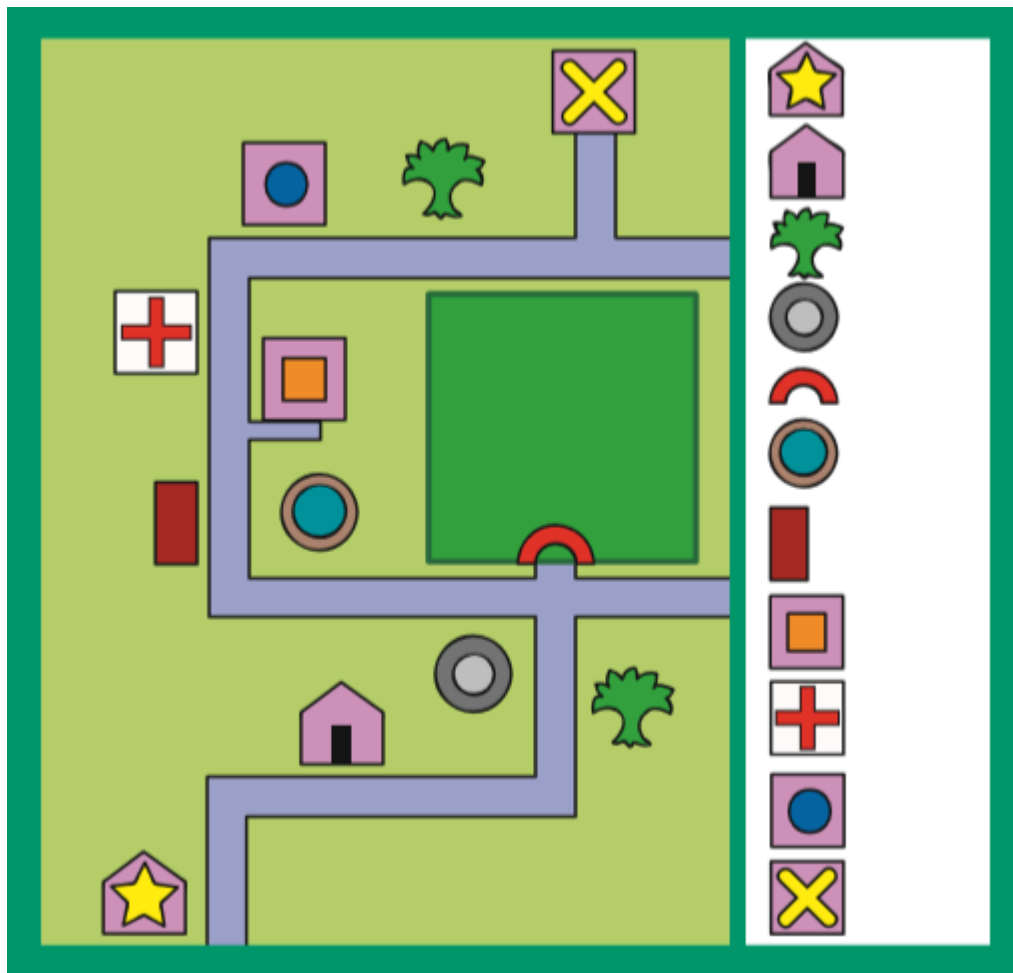

How many times will Ruchira have to take a turn on her way from home to school?

Solution

5 (five) times.

Question 13

Given below is a smaller version of the earlier picture. In this, there are symbols in place of pictures. Such a picture is called a map. Identify the symbols and write them.

Solution

		Ruchira's house
		House
		Tree
		Handpump
		Gate
		Well
		Bus stop
		Post Office
		Hospital
		Shop
		School

Question 14

Can you tell why these symbols are used?

Solution

Symbols are simpler to draw and often used in a map. These symbols indicate the place of real objects on a given map.

Question 15

A list of symbols used in the map is given. Look carefully and write.

1. How many houses are there on the map? Answer: 4 houses
2. How many shops are there on the map? Answer: 1 shop
3. How many trees are there on the map? Answer: 5 trees

4. How many pumps are there on the map? Answer: 1 handpump
5. Is the school closer to the post office or to the hospital? Answer: The school is closer to the post office than to the hospital.
6. What is near the bus stop? Answer: The handpump is near the bus stop.
7. Without the list of symbols, could you have read the map? Answer: No, it is not possible to read the map without the list of symbols.

Question 16:

Write the same symbols here that you have learnt in Mathematics.

Solution

The symbols that we learn in Mathematics are listed below:

- Addition (+)
 - Subtraction (-)
 - Multiplication (x)
 - Division (÷)
-
